- Goal 1** - Individuals and families with low incomes are stable and achieve economic security.
- Goal 2** - Communities where people with low incomes live are healthy and offer economic opportunity.
- Goal 3** - People with low incomes are engaged and active in building opportunities in communities.

Maryland Community Action Agencies are centrally located to serve their communities. For maximum impact, they partnered with:

- 429 non-profits
- 672 for-profits
- 395 faith based organizations
- 32 school districts

There were 252,855 hours of volunteer time donated to CAAs in Maryland.

What kinds of RESOURCES do CAAs have?

Community Action Agencies utilize a Results Oriented Management and Accountability system that is strategically designed to ensure accountability and improve performance management. In FY19 there were 14 ROMA professionals available in the network to help agencies with planning, reporting, data analysis and evaluation.

Community Action Agencies leverage several other federal, state, local and other private funds.

For every \$1 of CSBG, Maryland's CAAs leveraged \$20.86 from federal, state, local and private sources, including the value of volunteer hours.

- \$6,556,938 in CSBG funds were allocated in support of CAAs in Maryland in FY19.
- Including all leveraged funds, Maryland had \$136,756,522 available to the CAA network to improve the lives of people with low incomes in FY19.

11 CAAs in Maryland also operate the Low Income Home Energy Assistance Program (LIHEAP).

6 CAAs in Maryland also operate the Weatherization Assistance Program (WAP).
